OUR STRENGTHS

**Set a course for success** Saint-Tropez Airport is mainly known as the privileged gateway to luxury tourism on the peninsula of Saint-Tropez, but it has also developed true expertise in the fields of events and audiovisual projects. That expertise is embodied by **H16 Events**, the department at the service of imagery and communication professionals. It coordinates the exclusive private hire of the runway, the tarmac and/or the terminal building for film shoots, conventions, private evenings and promotional operations. It also makes the job easier for your team - both before and during your event. *BMW, Ferrari, Mercedes, Porsche, Volkswagen, Continental and Allianz Assurances* have all taken advantage of our tailor-made services.

Film & photo shoots

Events

## Photo, video or feature film: capture the right image...

H16 Events can transform Saint-Tropez Airport into a film set or a photography studio where you can bring your script to life. We work with you to manage permits, time slots and the availability of sites and equipment, ensuring that you optimise your schedule and can work comfortably and efficiently.

Facilities usually reserved for the airlines that fly into our airport are at your disposal. You can therefore capture the flavour of a commercial airport.

Take your cameras onto the tarmac and film a flight boarding, landing or taking-off.

Place your models alongside business jets and incorporate the latter's sophisticated, graphic silhouettes into your shots.

Events

## Events: see your brand take off...

Creating an event calls for surprises... For a successful event, none of them must be bad! Saint-Tropez Airport and **H16 Events** rise to both of the above challenges. Specialising in top-of-the-range aviation, the airport can provide an original backdrop for your event as well as efficient service for your guests.

For a gala evening, convention, test drive or product launch, we can offer:

- A private site of 61 hectares, including 55 hectares of greenery.
- A runway measuring almost 1,200 metres in length, plus the neighbouring tarmac.
- Hospitality solutions for large-scale events attended by hundreds of guests.

Film &  
photo shoots

Events

**Your journey into space** Turn off the jet engines and rev up the cars for a memorable spin along the runway. Invite the press or your sales teams into a unique environment, surrounded by the finest latest-generation private jets. Dream up fabulous shots and create striking moods steeped in luxury and escapism. Harness the facilities of a real airport and take the time to film perfectly realistic travel scenes.

Runway  
and tarmac

Buildings

## Runway and tarmac : the sky's the limit

Private hire of the runway at Saint-Tropez Airport is possible! Air traffic can be halted for a few hours or even a whole day to make way for your private event on the runway and on the tarmac where the aircraft usually park. Such a solution is particularly suited to the needs of aircraft manufacturers and car manufacturers.

Set up a marquee or park a luxury mobile home on the tarmac and serve your guests cocktails as they admire your latest jets, helicopters, cars or motorbikes, etc., all shown to their best advantage.

Key attractions:

- A runway that is 1,200 metres long and 30 metres wide, plus plenty of adjacent open spaces.
- Substantial asphalted areas for storing equipment - and also for parking the lorries that carried it, or even your fleet of vehicles.
- A site that offers great privacy.
- An ideal location for combining drives through the surrounding countryside, shots of Saint-Tropez and test-drives on a track.

and tarmac

Buildings

## An extraordinary event, realistic images

Activities at Saint-Tropez Airport take place in two separate buildings: the terminal building and the technical hangar. They are perfectly complementary, and you are bound to find exactly what you need for your event or shoot: reception area, logistics zone, storage facilities, ambiances...

- Exclusive hire of the Terminal lobby for a convention or private evening. A freshly renovated and uninterrupted surface area of 250m<sup>2</sup> can be used for conferences and receptions for several hundred people.
- A working airport terminal for film shoots - with airline desks, check-in desks and security checkpoints. Our Terminal is perfectly equipped to cater for scheduled airlines, so the «travel» scenes that you film at Saint-Tropez Airport will be totally credible. And you won't have to suffer the constraints of a bigger airport.
- Reserve the technical Hangar to store your equipment and sets, or as a base for your teams in charge of the event's logistics or admin. It is located opposite the runway and totals 500m<sup>2</sup>. Minimum rental: one week.

OUR STRENGTHS

**The key to your success** **H16 Events** offers you more than a reception venue or film location: an environment in which your project can only flourish.

By deciding to touch down at our airport, you are sure of working with dynamic and thorough professionals who are efficient in fields as varied as hospitality, security, catering and Premium transport. You will also benefit from the assets, the magic and the excitement of one of the most famous destinations in the world: Saint-Tropez. Its aura will add extra sparkle to your image.

## A partner that makes all the difference

When you choose Saint-Tropez Airport, you benefit not only from an original, modern and prestigious site, but also from exclusive services that contribute just as much to the success of your project:

- A dedicated contact who will assist you before and during your time on site, providing efficient, concrete solutions in terms of logistics, administration and services. Your contact is Audrey Seybald.
- A secure site accessible 24/7, 365 days a year.
- A large number of parking spaces. If necessary, further large-scale parking zones can be created to offer unrivalled capacity in the Saint-Tropez region.
- A wide and varied range of hotels just a few minutes from the airport.
- Versatile team members who have been trained to cater for Business Aviation passengers - an international clientele known for its high expectations.
- Ideal filming conditions... **H16 Events** contacts the Authorities to gain authorisation for you to access the runway area. You simply set your cameras and spotlights up on our tarmac and get down to work in an area reserved for you, studded with the most beautiful, modern, private jets.
- Private lounges for make-up, costumes, dressing rooms, back office...

## At the heart of a legend, at the threshold of Provence

Standing in La Mole, just a few minutes from the beaches of Pampelonne and from Place des Lices, Saint-Tropez Airport constitutes a prestigious stop-over. It is graced on one side by the sea, and on the other by countryside. Such a breath-taking setting can only add to the success of your event.

Within a stone's throw of Saint-Tropez Airport, your teams and/or your guests will find:

- Some of the most picturesque villages in the Var, starting with the most famous of all, Saint-Tropez, the resort frequented by the great of this world.
- A dynamic economic fabric offering quality accommodation and restaurants, interesting cultural attractions, elegant shops and original leisure facilities such as the motorsport race track at Le Luc, just half an hour from the airport.
- Magnificent Provençal landscapes peppered with pine groves, long, sandy beaches, untamed, tree-studded massifs, and majestic vineyards - cradles of the famous rosé wine from Provence... Top Tip: a mini wine route, either with a bucolic twist (in a vintage Citroen 2 CV car) or with a seaside flavour (in a Mini-Moke).
- A modern road network connected to the A8 motorway offering fast, reliable links to major cities in the South: Monaco, Nice, Cannes, Toulon, Marseille.

## The “bonus” services available at a business airport

Several businesses are federated around Saint-Tropez Airport. They can provide you with any top-quality products and services you may require.

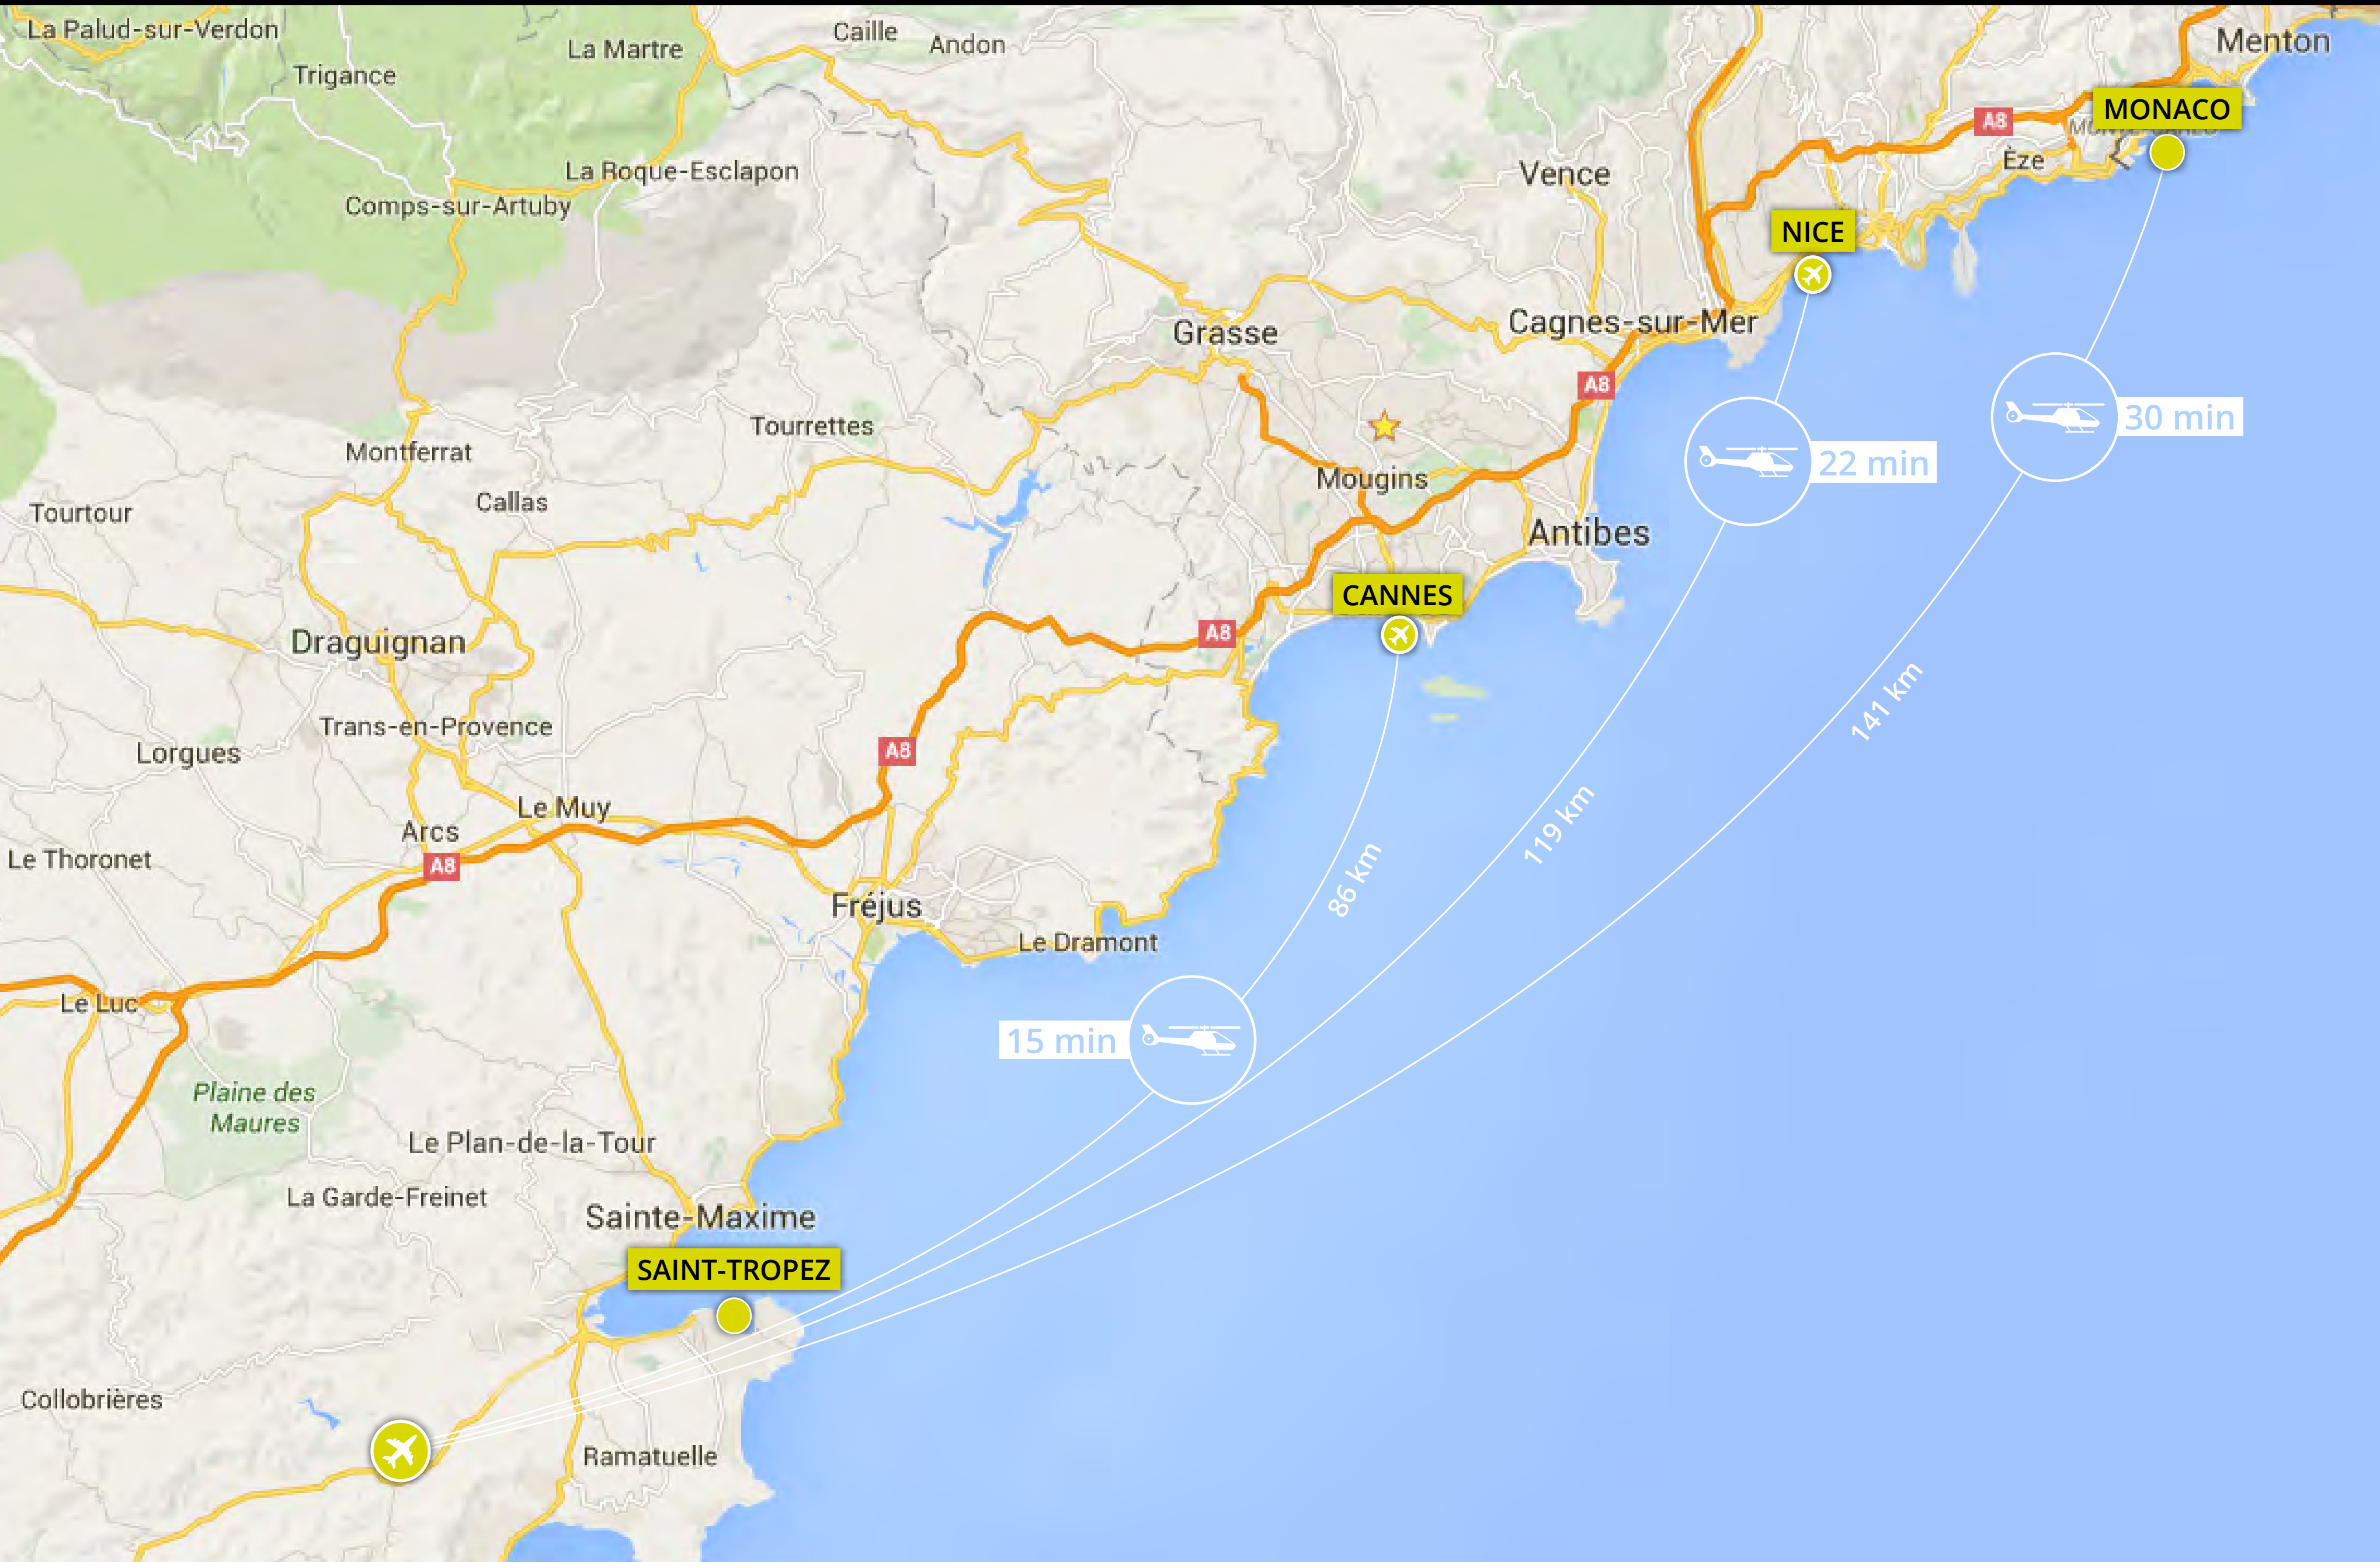

Ready to serve you on site, or on request:

- Helicopter companies for aerial photos and filming, first-experience flights, sight-seeing flights, and conveying VIPs.
- Companies that hire out private jets to add a spectacular touch to your images!
- A company that specialises in first-time parachute jumps with a bird’s eye view of the Var.
- Car-hire companies: with or without chauffeur, from vans to limousines.
- A restaurant inside the Terminal, on the edge of the tarmac. L’Escale Tropicézienne’s huge sunny terrace can cater for up to 200 people at a cocktail reception. The kitchen staff also offer a catering service, providing the same standards of excellence for a “staff canteen” during a shoot as for the buffet at a prestigious reception.
- Security firms that are perfectly familiar with the site, and a fire service.
